Mary & Julie

I responded to this complaint the same day I received it (as luck would have it I was just down the street). The suspected applicator said that her neighbors frequently called the police, CPS, and any other agency they could in an effort to harass her and completed an Attestation stated that she did not apply any pesticides to the property.

Since I don't have any contact information for the complainants, I'm going to turn it in as a No Action.
